

DUBBO CHRISTIAN SCHOOL

ANNUAL PLAN 2025

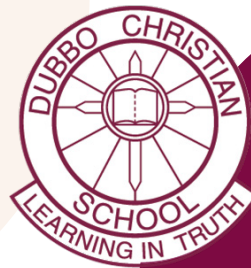

Dubbo Christian School 2025 Annual Plan

GENERAL INFORMATION

The 2022-2025 BCE Strategic Plan sets the Board's priorities, objectives and tasks over a 4-year period. Our theme of Consolidated Growth, from the past few years will culminate in the goal this year to THRIVE! The years of dealing with crises, staff shortages and the implementation of new programs and structures need to now acknowledge God's goodness and faithfulness by taking a firm hold of his promise to abide with us and to thus "enjoy him forever." God's blessings are evident across the school as we commence the year fully staffed, enrolments up from 644 to approximately 665 students and the expected completion of one of the schools most significant building projects in its history. Let's together maintain the founding vision of providing Christian education that prepares, equips, and transforms lives for God's Kingdom.

VISION AND MISSION

DUBBO CHRISTIAN SCHOOL MISSION

To provide authentic,
responsive and high-quality
education that is Bible based and
Christ centred to prepare, equip
and transform lives.

BERAKAH CHRISTIAN EDUCATION VISION

In partnership, to equip students
with a distinctive and responsive
education, to be transformational
with a heart for Christ.

PRINCIPAL'S INTENT

1. Purpose.

To prepare, equip and transform lives through intentional, high quality Christian schooling.

2. Method.

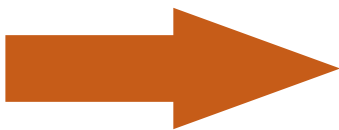

To achieve the desired 2025 outcomes, DCS will:

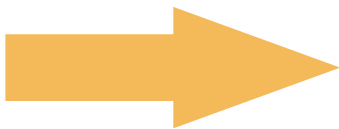

Continue its focus on building academic rigor and fostering a strong learning culture

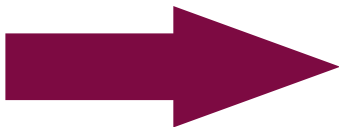

Continue key programs to re-enforce the school's Christian distinctiveness

Implement new student wellbeing and spiritual formation programs

Continue to build upon culture setting, in particular at key student entry points

Continue to improve parental connection and sense of community

Continue its capital works program according to the school's infrastructure plan

SCHOOL PRIORITIES

1. Academic Improvement.

DCS is focused on improving academic performance through developing teacher capacity, increasing expectations for student learning, and improving understandings of student learning needs through data collection and analysis. This will be addressed through the following initiatives.

A.IMPROVED TEACHER EFFICACY.

Consolidate lesson observation processes to guide teacher personal enhancement.

Teachers plan for growth by collaboratively identifying areas for enhancement and selecting PD opportunities to meet the identified needs.

C. DCS LEARNER PROFILE

Collaboratively design a DCS Learner Profile that clearly defines the key competencies, behaviors, and characteristics to be cultivated in students attending DCS

B. DCS PROFESSIONAL DEVELOPMENT SUITE.

Continue developing a suite of materials which will address the varied professional development needs of staff across DCS.

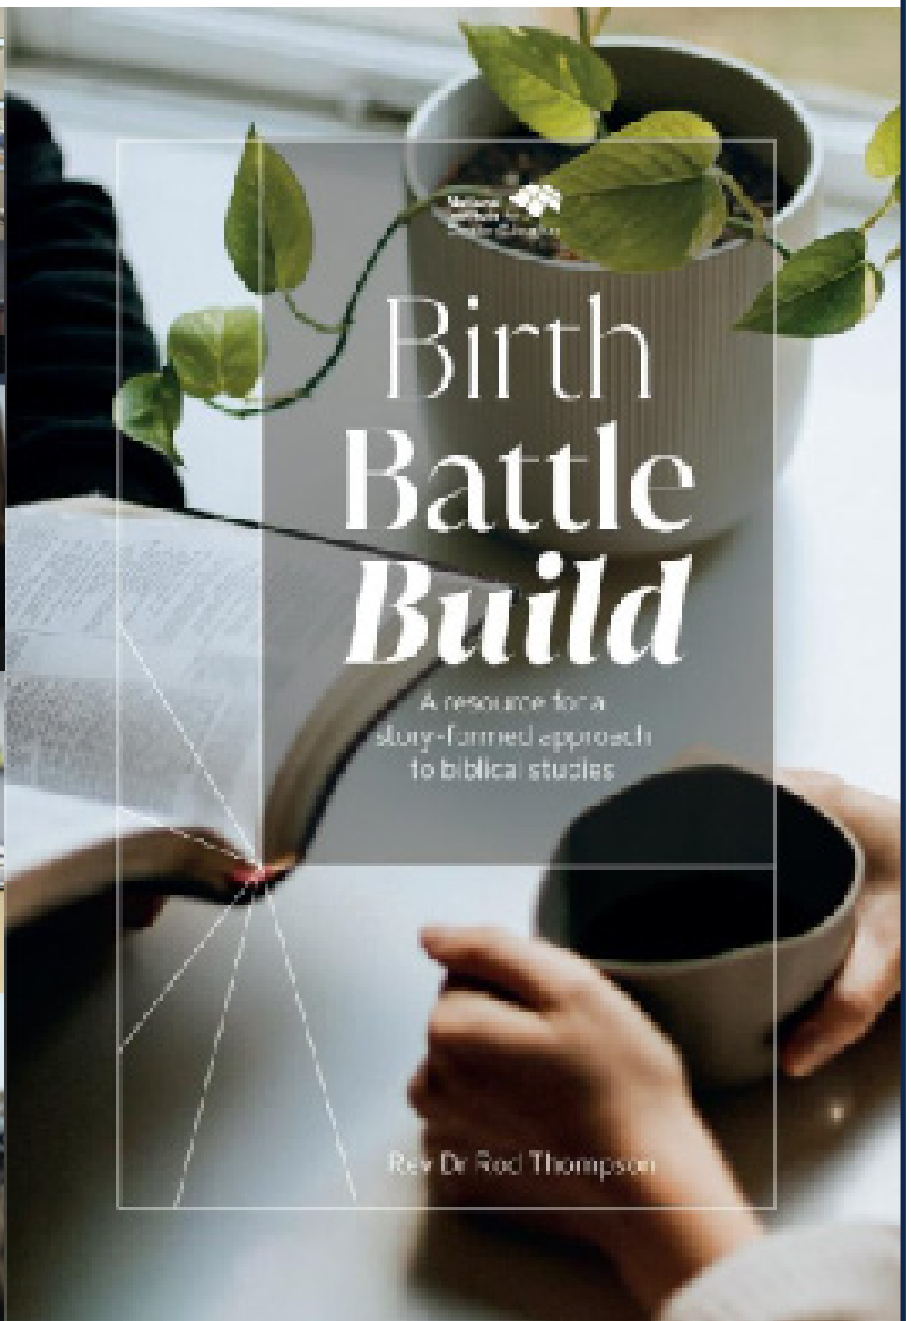

D.IMPLEMENTATION OF NEW CURRICULUM.

Staff will be engaged in planning and programming for new curriculum to meet NESA implementation timelines. A key focus will be maintaining a Christian distinctive in the changeover process utilising the TbD model.

2. Christian Distinctiveness.

2025 will see a continued emphasis of protecting and enhancing the school's Christian distinctiveness. Key initiatives are:

- a. **PCG:** In response to staff and student feedback, 2025 will see a focus on enhancing the value and priority of PCG. This will strengthen the consistency and delivery of pastoral care and biblical studies to students. Through the implementation of Year Group Coordinators in Secondary, the focus will be on three key components: 1. Implementing relational and spiritual routines such as prayer and gratitude, 2. The continued implementation of the PeaceWise program and, 3. Biblical studies units that are relevant and interactive using the TG21 biblical immersion tool.
- b. **Biblical immersion:** Teachers will be upskilled in biblical literacy and encouraged to engage in their own biblical immersion using the TG21 tool in preparation for the implementation of Birth, Battle, Build units from Semester 1 2025 in Secondary.
- c. **Parent Education:** In 2025, we will continue to explore ways to educate and develop parental understanding of the school's Christian education philosophy and approach.

3. Student Wellbeing and Spiritual Formation

Alignment and cohesion of our existing approaches to student wellbeing and spiritual formation remains a priority in 2025. The wellbeing team (DP, DOW, Psychologist and LSC/s) will meet weekly to ensure a consistent approach to student welfare and formation. Key initiatives are:

- a. **PeaceWise.** The continued implementation of PeaceWise is a key Wellbeing initiative for 2025. The aim is to strengthen and build a culture of Peace. Students will continue to grow in their understanding of what drives conflict, their natural and learned responses to it and the Biblical principles and imperatives that enable them to respond in a Godly way.
 - i. **PeaceWiseKids and PeaceWiseYouth.** Are Christian programs (online or workbook) for primary and secondary school students that equips them to deal with challenging relationships and conflict in healthy, constructive and life-changing ways.
 - ii. **Staff Training.** Time will be allocated for new staff to participate in the 'Everyday Peacemaking' and 'Heart of Peacemaking' courses.
- b. **MISSION:** Planning for a 2026 Mission to East Timor will begin. Senior students serve in the community through Compassion Day and Prefect responsibilities. All students are encouraged to develop a heart of generosity as we give to our Compassion Sponsor children.
- c. **Waratah Project:** The Waratah Project will continue into the third year of the school's program in which the key goals for 2025 are:
 - i. **Improved Academic Outcomes.** This is a compulsory outcome and will continue through the MacLit and MiniLit intervention groups (Primary and Secondary) that are conducted three times a week.
 - ii. **Strengthened Connection to and Pride in Aboriginal and Torres Strait Islander Cultures and Heritage.** Build on the incorporation of Wiradjuri language into learning programs and signage. The school will seek to identify a local language teacher who can support this.
 - iii. **Staff have the Knowledge, Skills, and Confidence to Implement Culturally Responsive Pedagogical Practices.** This is an area that needs significant thought and a new approach, as outlined by Kevin Lowe's "Cultivating shared understanding in First Nations Education" paper. It highlights the need to explore opportunities to re-think the way we equip and inspire our staff to feel confident and competent to make rich and regular links with Aboriginal culture throughout the curriculum.
- d. **Child Safe Framework.** The DOW will conduct a review of current initiatives and target student ownership and opportunity to express concerns and ideas.

4. An Outward Focus

In 2025, we will seek to continue strengthening our connections and build a shared language to express who we are. We acknowledge that culture comes from our identity as citizens of God's Kingdom. It is shaped as we cooperate with the work God is already doing in the hearts and minds of our students. DCS seeks to provide opportunities for students to live out their formational journey in the following ways:

- a. K-6 intent:** We work at being outwardly focused, which means embodying God's commandments by showing compassion, kindness and respect, serving our community, supporting our peers and reflecting God's love in all our actions.
- b. Community, Service and Skills (CCS) Excursions / Activities.** The below list details DCS' class excursion / activity continuum:
 - i. Year 7: Burrendong Excursion
 - ii. Year 8: CSS Activity
 - iii. Year 9: Year 9 Youthworks camp
 - iv. Year 10: CSS Activity
 - v. Year 11: Snowy Mountains Hike and Compassion Day.
 - vi. Year 12: Harmony Day
- c. Year 7 - 10 Focus.** Each year there is a large intake of new students into Year 7 and a dedicated, consistent approach to integrating them into DCS culture is required. PeaceWise and BBB will support some of this culture building.
- d. Senior students:** Our desire is for our senior students to understand their identity, discover their purpose in the Kingdom of God and gain skills in how to engage meaningfully in the work of the Kingdom. This occurs through leadership opportunities, invitations to strengthen faith through participation in PCG and The Armoury and discipleship opportunities through the prayer partner relationship.

5. Parental Connection and Community.

Parent/carers will be invited to continue their engagement in the school community in 2025. The school will continue to explore and build opportunities for parents to engage with school culture through meaningful contact points and activities.

- i. **Parent, Staff and Student Codes of Conduct.** A Parent Code of Conduct is prepared and ready to launch. It is intended that this important guide be released in Term 1. The student code of conduct will be acknowledged by Year 5 – 12 each year in Term 2.
- ii. **Events.** After the success of the 2024 fete, a biannual Fete will be embedded into our calendar as an ongoing way to connect with community. In addition, the positive gathering we enjoyed at the dedication service and K-7 Information evening last year will become our new norm for the beginning of the year.

TASKS

Annex A (PAGE 10) details specific Senior Leadership Team tasks for 2025.

COORDINATION AND ADMINISTRATION

1. **Calendared Items:** A detailed review and synchronization of all 2025 activities has been conducted. There will be no additions to the calendar unless approved through the Deputy Principal or Business Manager.
2. **Faculty Budgets:** Departmental budgets, which include faculty expenses, excursions/ incursions and faculty professional development allocations, have been finalised. To maintain organization discipline and noting the Primary BGA Project, no new initiatives will be approved in 2025.
3. **Professional Development Budget:** 2025 Professional development priorities remain, curriculum, subject change or compliance related training and, if out of a Departmental allocation, must be approved through the Deputy Principal or Business Manager. The school also remains committed to supporting teachers wishing to undertake post-graduate study.
